## 60 years at your side.

We're the leading manufacturer in equipment for hospitality, foodservice and laundry. We're leaders because we have over 60 years of experience in offering a comprehensive range of products all under the same brand. But, above all, we're leaders because of you.

You've driven our technological innovations with your professional challenges.

You've spurred us on with your requirements and your trust.

You've accompanied us this far, and you will accompany us in the future, because cooperating with you is the best way to keep evolving. Because being close to you is the guarantee that we'll go far.

Distributor, professional and worker. You are the energy that drives the Fagor Industrial machine.

**You make this make sense.**

**You make  
it happen**

Fagor Industrial and ONNERA Group.

# Together, we go further.

We are convinced that growth is the way forward and that, above all, it should be done together. And that's why we belong to ONNERA Group, an international business group dedicated to providing equipment solutions for the restaurant, laundry and refrigeration applications industries which has become a group leader and a worldwide benchmark.

The group has over 1,000 distribution points, its own offices in 5 continents and 2,200 professionals able to offer a wide variety of quality equipment adapted to meet the needs of each individual market. Initiative. Teamwork. Integrity and commitment.

Four pillars on the path we're travelling together towards a better future.

MONDRAGON is a business initiative with a global reach made up of autonomous cooperatives with business in the areas of industry, distribution, finance and knowledge.

PROFESSIONALS

# A global brand, close to you, wherever you are.

Our 35 offices distributed around the world, the professionalism of our 2,200 workers and our international experience help us to always remain close to you, to your needs, to your projects.

But, above all, our implication, our commitment to service and our way of directly interacting with those around us, from professional to professional, means that we use the same language when responding to your challenges with the proximity of a major brand.

**Wherever you are.**

Cooperative tradition

## The best competitive advantage.

If there's one thing that makes us competitive, it's our extensive global offering of equipment. But if there's one thing that makes us different, it's our commitment to a company that is also our own. Fagor Industrial is a cooperative, where the majority of workers, as well as being an active part of the day-to-day running of the company with their hard work and dedication, are also partners in the company. A business style based on shared management, united team effort and the responsibility of giving the very best of ourselves in order to achieve an effective and successful result.

## A solution for every need.

Solutions that respond to the needs of those professionals with whom we share the same requirements, commitments, levels of innovation and maximum quality standards. A range of products that, since our creation, has been growing, furnishing the best facilities in the world and providing us with an unrivalled experience, which means that, both ourselves and our clients, are able to stick to our commitment: to offer the best.

### Cooking

## One kitchen, infinite possibilities.

You demand quality, safety and hygiene. You demand a robust and innovative kitchen. But not any kitchen. You demand the kitchen that fits your specific needs perfectly. A kitchen developed with you in mind.

### Dishwashing

## A solution for every need.

Whether your business is a small bar or café, or a large facility, we have the solution you seek. We know that cooking is not everything. You need to have all your equipment available again immediately. With you in mind, we have developed a wide range of small glasswashers to high-production dishwashers that meet your highest demands.

### Ovens

## The perfect answer for each chef.

Thinking of your daily work. Thinking of your safety, efficiency and ease of movement. To sum up, thinking of making the most of your kitchen. That is how we have developed our range of ovens and cook&chill solutions.

### Commercial refrigeration

## Leading European manufacturer of commercial refrigeration equipment.

We put our broad experience at your disposal. Being the leading European manufacturer of commercial refrigeration equipment has allowed us to make the investments in technology, R&D and productive capacity that are necessary to develop the answer you are looking for.

#### Distribution

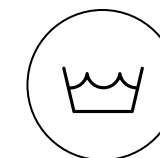

### Present at every point in the chain.

As a chef, your role does not end in the kitchen. With you in mind and to cover all your needs from start to finish, we offer you a full range of products which meet all your requirements, from the preparation to the distribution of food. Thinking of you, we have taken care in every detail when designing our products, with the sole objective of simplifying your day..

**For every professional, a kitchen.**

GENERATION

## Care for what is really important.

Kare is an advanced and complete generation of machines at the forefront of innovation, designed to provide the solution you most need, whatever your type of laundry. A range which cares for what is most important to you: the clothes, your savings and the environment.

01

### Kare control

The brain of your machine, under your control.

02

### Built for you

Designed for your welfare and comfort.

03

### Connectivity

Remote communication so that you know what is going on.

04

### Efficiency

Technological innovations for a more sustainable machine.

We care about you, we care about the environment.

**Professional  
Laundry**

**Much more than professional  
laundry. A new laundry  
concept.**

You have asked us for laundry products specifically designed for small facilities (hairdressers, gyms, camp sites...). This is how Compact was created, a new range of products with the same performance and robustness as industrial laundry machines, but with greater versatility, a more compact size and a more affordable price. This is the concentrated washing power of Fagor Industrial.

**Drying**

**Attractive or effective?  
Robust or easy to maintain?  
We give you it all.**

We know that you look for continual improvement in your processes. That is why we are committed to innovation, so that we can offer you products that fulfil your expectations. We present our new range of dryers with a renewed style that facilitates their use and maintenance, lengthening their useful life.

**Washing**

**Excellent washing  
and care results.**

Our objective is to put a complete and innovative range of washing machines within your reach, which guarantee the care of your linen, and energy and chemical product savings. Innovative because our washers are designed with the maximum quality, including the latest advances in intelligent control, connectivity and efficiency. Complete because we have different types of machine which fit any order in terms of efficiency and capacity, whatever type of business you have, its size and dimensions.

**Ironing  
and folding**

**Quality in ironing,  
recognised by the users.**

Not only do our industrial ironers offer you performance, simplicity, efficiency and time saving, they also offer high quality in flatwork ironing. And it is not us who say so. The users do.

### Finishing

## Perfect finish, excellent result.

In the laundry, each phase must be perfect if you want to have the edge on quality. We offer you a wide range of simple-to-use equipment to guarantee an excellent result in the ironing of all types of shaped clothing.

### Solutions

## Where there is a problem, there is an innovative solution.

Our innovations go beyond the sector standards, showing our commitment to new and improved proposals. We offer solutions for both self-service laundries and for wet cleaning, and even a system of transportable modules which enables the creation of laundry establishments in a single step.

# Professional laundry for the most demanding.

The experience of one brand.

## We work for the best.

We've equipped facilities worldwide; facilities well known for receiving clients with high requirement levels, with whom we share a commitment to professionalism, innovation and maximum quality levels.

Prestigious brands around the globe, including three of the best restaurants in the world and dozens of Michelin star restaurants, have trusted us to equip their facilities, thus maintaining the levels of quality and professionalism which made them worldwide references.
